## DIRECTOR'S NOTE:

Welcome to the 19th Annual K. Monique's Studio of Dance Showcase, *Krave*.

This past year has been filled with excitement, challenges, unforgettable moments, growth, and countless memories. Throughout the season, our dancers have continued to grow not only in their dance ability, but also in their confidence, determination, and self-belief.

Our staff has worked diligently to instill strong technique while also fostering passion, artistry, and performance quality in each and every dancer. From ages 3 to 18, these talented young performers have learned so much more than choreography. They have learned teamwork, resilience, communication, how to work through conflict, how to lean on one another to reach a common goal, and how to remain constant through every challenge and triumph.

As you sit in these seats today, I hope you feel the passion that radiates from the stage. These dancers are ready to shine, tell stories, and to dance straight from their souls. I cannot wait for you to experience the excitement, thrill, and joy of it all. I hope tonight leaves you craving more; that you truly *Krave* every moment.

As always, thank you for trusting us with your children and for your continual love and support. This has truly been a tremendous year of learning and growth as we explored new ideas, new concepts, and new ways to evolve together as one studio family; dancers and staff alike.

Now, please sit back, relax, and enjoy the show!

- *Mr. Kim & Kristin M. Thompson*
